

AGN. NO. \_\_\_\_\_

MOTION BY SUPERVISORS KNABE AND YAROSLAVSKY

March 22, 2011

Various Federal and State agencies have declared March 20-26, 2011, Tsunami Awareness and Preparedness Week. Given the catastrophic events in Japan, now is the time to remind our residents, especially those in our beach communities, about the County's tsunami emergency plans, and to encourage everyone to be prepared and put a plan in place for their homes and families.

**WE, THEREFORE, MOVE** that the Board of Supervisors:

1. Declare March 20-26, 2011, "Tsunami Awareness and Preparedness Week" throughout Los Angeles County; and
2. Direct the Office of Emergency Management to report back to the Board in one week on an outreach and education campaign that will bring awareness of the issue to local residents so they are prepared in the event of a tsunami.
